

TASER COURSE HOST REQUIREMENTS

TASER International has partnered with the Northeast Wisconsin Technical College (NWTC) to provide an online learning opportunity for new and recertifying TASER Instructors. The TASER Electronic Control Device (ECD) Instructor Course includes an online component that must be completed before the practical portion of instruction with a TASER Master Instructor. This course will cover the TASER X26 and X2 ECDs. This format will provide an accelerated learning opportunity for recertifying Instructors and will allow new Instructors more time to absorb the technical material. The 16 hours with the Master Instructor will focus on practical application and device manipulation skills. This is considered a 20 hour course for new instructors, with the first 4 hours completed online and the remaining 16 hours in the classroom. Re-certifying instructors will take 8 hours of online training and attend the 8 hours of the second day of the practical session, for a total of 16 hours.

Due to high demand for X2 ECD Instructor training, it is now standard in the Instructor course. If you are interested in hosting an **X26 and X2** Instructor course, please choose the dates (two days) on which you would like to host the practical application portion of the course. Access our calendar from the Training Events page of our website, www.TASER.com, or <http://www.taser.com/training/Pages/events.aspx> for availability. We cannot have more than one class within a two hour drive of an agency that is already hosting. We will send an email to all contacts in your state, including yourselves to help advertise the class. Host agencies are encouraged to notify neighboring agencies of the training in order to maximize enrollment. The dates need to be more than **90 days in advance** to have enough time for sufficient enrollment and for online access. Registration will close 16 business days before the practical session.

The course fee for a new instructor is \$350 per person. Re-certifying instructors are \$175 per person. We will need at least 10 people to hold the training with a maximum of 25 attendees. The host agency will receive a total of three TASER host spots with a minimum of ten paying attendees. However, the host agency will still need to pay a \$25 registration fee to NWTC for each of their host students for the online portion of the course.

The **Technician course** is a two-day course and is \$275 per person (Tax on materials in various states applied). The host agency will receive one free spot for every seven paying Technician course attendees. The **Evidence Collection & Analysis Course** is a one day class. The fee is \$150 per student. The host agency will receive one free spot for every seven paying attendees.

All registration and payment for the Instructor Course is handled by Northeast Wisconsin Technical College. Two links will be listed as part of your class that go directly to their site for registration, payment and the online portion of the instructor course. At this time, NWTC will only accept credit cards for payment when registering via the website. If departments need to pay with a purchase order number, they will still need to register through the website, contact NWTC for that agency/individual for payment. Registration is NOT confirmed until payment arrangements have been made. (You as the host agency will have a completely separate link which will be included in my confirmation email once the course has been set-up. Please ensure all of your students are

enrolled immediately as we do need a minimum of ten people to hold a course. Please remember that the \$25 NWTC registration fee still applies to your three host spots.)

For hosting an Instructor course, the following items need to be provided:

- 25-30 person training room
- Power Point projector, screen and audio capabilities for presentation
- Training mats/wrestling mats
- Latex gloves, band-aids, and anti-septic wipes
- Accessible coffee, water, and/or soda for students

When you have confirmed your wish to host a course, please send me an email to (Jennifer@TASER.com) with the following information:

- **Address of training site INCLUDING shipping address if different**
(There MUST be someone at the shipping site who can sign for the materials)
- **Contact person with email and phone number**
- **Dates you would like to host the course (MUST be at least 90 days in advance)**
- **Refer to the Training page of our website, www.TASER.com, to ensure your site is at least a 2 hour drive from one already posted. If you are within that distance, you'll have to push your dates out by at least 2 months**

Thank you for inquiring!

Jennifer Bliven - TASER Training Coordinator
